

NEGRO LIED, ADMITS IT

Not a Word of Truth in his Confession of Murder.

MRS. MATHEWS AT LIBERTY

Chapman Again Arrested on Perjury Charge—"Inane Jealousy" Was Cause of False Story.

"Yes, sah, I lied." In those four words James Chapman, the negro who made a confession of being an accomplice in the alleged murder of Lawrence Mathews at Stillwater, Okla., over a year ago, admitted that the whole murder story that he has told with such gruesome detail in the District Court during the past two days was nothing more than a string of lies, lies, and yet more lies.

Upon the conclusion of Chapman's cross-examination Judge Taylor ordered that both Mrs. Mathews and Chapman be released, and that no extradition papers be issued.

Negro Was Rearrested.

The woman is now enjoying her freedom, but Chapman was immediately rearrested on a charge of perjury, and will be held in custody until his trial on that charge.

It is a coincidence that Chapman is also wanted in Stillwater on a similar charge.

Chapman was put on the stand at the commencement of the proceedings this morning and was suddenly asked by Mr. Robertson "were you present at the death of Mathews?" To the astonishment of everyone the answer came decisively, "No."

"Did you buy strychnine for Mrs. Mathews to poison her husband with?" "No."

"Was all the evidence you gave previous to this day false?" "Yes."

"Your whole object was to force Mrs. Mathews to marry you, was it?" "Yes."

Letter to Chief of Police. A letter which Chapman had written to the Chief of Police was produced by Mr. Robertson in which Chapman asked Chief Lacey to force Mrs. Mathews to marry him. "Tell her," the letter ran, "that if she and I marry and go home and live quietly, everything will be all right; but if she doesn't there will be trouble. If she says she won't marry 'that nigger' have no mercy on her."

The Chief of Police in the witness box was asked his opinion as to the mental condition of Chapman when he saw him. The Chief said that he seemed to him to be insanely jealous.

Mr. Cogswell said that all the evidence was circumstantial and Chapman had, it seemed, perjured himself, but still in the interests of international law and international courtesy, Chapman and Mrs. Mathews ought to be taken back to the States in custody to see if any truth in his first statement, as he had allowed that he was an accomplice to the murder.

No Evidence at All. His Honor said that there was no evidence before him at all. No evidence even that there had been a murder as not even the verdict at the inquest on the body of Mathews had been placed before him.

Even before Chapman was put on the stand this morning, His Honor said, he had formed the opinion that Chapman's statements were all untrue. Therefore he continued Mrs. Mathews to the inconvenience and expense of a trial in the States, on such very insufficient grounds.

And even, he said, if a trial was conducted in the States and Chapman held to his story through thick and thin, there would be no evidence to implicate Mrs. Mathews.

Incinerator Fine Now.

"The incinerator is working perfectly now," said the Medical Health Officer this morning. "Ever since we stopped burning manure there it has given us no trouble at all. It was out there yesterday and there was hardly any smoke at all, and scarcely any odor."

NEW \$20,000 WAREHOUSE

Plans have been filed in the building inspector's office for a \$20,000 warehouse for Third street, by the firm of O'Farrell and Kelly. This building will adjoin the present premises of the Royal Fruit Company. It will be a modern structure of brick with concrete floors, ensuring protection against fire. The plans for this handsome structure were prepared by J. H. Rudy and on completion it will be occupied by O'Farrell and Kelly, contractors.

Permits have also been granted to J. C. Calloun for a residence on Thirtieth street. It will cost in the neighborhood of \$7,000.

Prominent Toronto Business Man Has Passed Away.

Toronto, April 29.—Lieut.-Col. John I. Davidson died last night at his residence, 156 St. George street, after an illness of a year due to internal troubles. He was born in Aberdeen, Scotland, and came to Canada when eighteen years of age. A widow and two daughters and a son survive him.

SMALLPOX SCOURGE IN MINING TOWN

Cobalt, Ont., is Having More Troubles—Several of the Mines Have Closed Down.

Cobalt, Ont., April 29.—The smallpox epidemic is taking on a serious aspect. Several of the mines have closed down. All the schools, churches and theatres are closed, while hundreds of people are leaving town to escape quarantine. The increase of cases has spread the alarm to the doctors and the extreme measures employed by the Board of Health have so far proved futile. Mayor Lang has issued a proclamation ordering a general vaccination under pain of heavy fine, while similar action will be taken by Reeve Gerland of Coleman township.

\$500,000 SWINDLE

Sent Dummy Packages to Store and Then Set Fire to Place.

Providence, R. I., April 29.—Developments up to date indicate that through a great swindle, manufacturers of jewelry in Rhode Island and other states have been robbed of goods valued at half a million dollars.

Ten arrests have already been made in Alabama and Texas, and one of the alleged conspirators was ready to cross into Mexico, when he was taken into custody.

The scheme was to buy jewelry throughout the country and ship it to Montgomery. After that, the report says, dummy packages were sent from Montgomery to other stores controlled by the parties. The packages were filled with the real shipments of valuable goods and so listed.

The stores were then set on fire it is alleged, and the dummy packages were listed as lost assets by the firm in bankruptcy proceedings.

NO INVESTIGATION.

Ottawa, April 29.—The House last night voted down a motion by Lemox, calling for an investigation into the cost of the National Transcontinental. The vote stood 105 to 62.

WAS COMPANY USED FAIRLY?

A. & G. W. Official Says Bennett has Abused his Privileges.

WENT OVER PRIVATE PAPERS

Information of no Value to Commission but Valuable to Solicitor of a Rival Railway.

That R. B. Bennett, in his capacity as counsel for the insurgents before the Royal Commission is taking advantage of his privileges to provide himself with political capital, is the statement made by an official of the Alberta and Great Waterways Railway company's offices situated here. "I know that such is the case," said Mr. George Seymour to a Capital reporter this morning. "Or if it is not the case, it will be very strange. When I was asked to turn over all the books of the company that were in my charge to the counsel for the Commission, I did so. But of course it was distinctly understood that only Mr. Walsh and Mr. Johnstone were to examine them. And then they did not find anything in them, they would return them. And of course those papers that they wished to lay before the Commission as evidence would become public property."

"Now I happen to know that there were a good many papers that neither Mr. Walsh nor Mr. Johnstone had any use for. They could not possibly help the Commission in any way. Yet Mr. Bennett evidently had access to all of the papers, both those that were laid before the Commission and those that were not. Now I cannot possibly see where he had the right to look at all our private papers. Even if he does not intend to use the information that he has thus gained for political purposes, he is the solicitor of another railway company, and not a firm or company cares to have all the details of their business known by the solicitor of another company."

Mr. Seymour also stated that the same thing had been done in the case of all the papers that Mr. Minty had turned over to the Commission. Mr. Seymour, who is in charge of the local offices of the A. & G. W., when asked as to what Mr. Clarke's intentions were, said that the only thing that Mr. Clarke was sure about just now was that he was going to build the road. There was no doubt about that.

LORDS PASSED BUDGET.

London, April 29.—In a quiet session lasting two and a half hours last evening the House of Lords without a division passed the final stages of the finance bill which now awaits only the Royal assent. Lord Lansdowne, leader of the opposition, denounced the government's capitulation to the Irish members as an act worthy of Morocco or Somalia-land.

OLD MAN'S DEATH IS INVESTIGATED

Many Circumstances Point to its Having Been a Most Brutal Murder.

Hamilton, April 29.—Investigations by the police have resulted in the discovery of a number of things which seem to make it clear that Eli Fenton, found dead at the rear of a barn on a farm near Stony Creek Tuesday, was done to death in a most brutal manner. For one thing it seems to be clear that the old man was struck not once but half a dozen times, the blows being apparently inflicted with an axe.

Thomas Fenton, the second son of the old man, under arrest on a charge of vagrancy, says he knows nothing of his father's death beyond what he has voluntarily informed the authorities.

STOOD SIEGE FIVE HOURS

Youth's Desperate Fight With Large Police Posse.

Ended the Struggle by Shooting Himself in the Temple, Dying Almost Instantly.

New York, April 29.—To prevent capture after a vicious attack on Miss Anna Kipp, daughter of a bank cashier, Clarence Wood, nineteen years old, of Rutherford, N.J., a small town near Paterson, harried himself in the Rutherford Road Club last evening and for five hours fought off a posse of police and a deputy sheriff. With his stronghold surrounded and riddled with bullets and surrounded by the only resource, he ended the struggle by firing a bullet into his temple, dying almost immediately. During the fusillade Charles Smith, chief of police of Carlstadt, N.J., was shot three times and is reported to be dying. The girl was painfully though not seriously hurt.

VETERAN INSANE FROM OLD WOUND

Robert Mursker, who Served in South African War, Ran Amuck With Revolver.

Port Arthur, April 29.—Supposed to be suffering from hallucinations caused by an old wound received in a South African battle, Robert Mursker, a former member of the Black Watch Regiment, shot and wounded George Bessant at Silver Mountain. He endeavored to commit suicide on the platform of Silver Mountain station by shooting himself in the head with the same weapon, a Winchester revolver. The would-be murderer produced Bessant for a couple of hours and fired many shots at him. Bessant was shot through the left arm, the charge entering below the elbow and coming out. The arm was badly shattered; the bones being broken and the muscles and tissues torn.

CHURCH'S WAR ON GAMBLING

Rev. Dr. Shearer Tells History of the Miller Bill.

AYLESWORTH IS CRITICISED

Secretary of Moral Reform Committee Gives Interesting Address on Anti-Gambling Campaign.

Before the Presbyterian synod at its meeting last night Rev. Dr. Shearer, secretary of the Temperance and Moral Reform committee of the Presbyterian Church, gave an address in which he described the campaign conducted by the Social and Moral Reform Council against new track gambling. Dr. Shearer said that the law as it stood said that bookmaking was legal as long as the bookmaker kept moving but that as soon as he stopped it was criminal. Pool betting at the present time was unlawful. Two years and a half ago it was decided to ask the government to make gambling in any form illegal.

Gamblers driven out from under the Stars and Stripes, said Dr. Shearer, were welcomed under the Union Jack. New York, Illinois, Missouri, Indiana and California had all suppressed gambling and only about six states still allowed it. It was felt that the government ought to take the responsibility of reforming the criminal code but in spite of resolutions passed by many church bodies and representations made to the government a year passed and nothing was done. Finally the government said that a measure of the kind wished would not be entered into a government bill but that it would be glad to have such a measure introduced as a private member's bill. A bill was suggested by the Moral and Social Reform Council. It was handed by the Minister of Justice to the House of Commons and the promise that it would get fair treatment when brought before the House.

The measure was before the House for several weeks and aroused a keen interest and much discussion throughout the country. In the House there has been debate on it in several readings and the bill was finally referred to a special committee, the members of which were for the most part opposed to the measure.

Hon. Mr. Aylesworth, the Minister of Justice, not only condemned the principle of the bill but also the form of it. Changes were made in it to meet his opinions and then the work of the committee began. One lawyer was there to represent those behind the bill. Nine were there to represent those interests opposed to the bill. Those latter contended that racing was absolutely necessary to horse-breeding and that race track building was necessary to horse racing and therefore to horse breeding. Remarkable evidence was produced by those in favor of the bill of the loss of property, position and even of life itself produced in an astonishing degree by gambling. The bill with some favorable amendments was passed by the committee and sent on to the House. Then social interests were brought to bear. Again the bill was sent to the Minister of Justice to see if any alterations were required in its form. He found no ground for objection and said that it was so framed as to secure the object of the bill. Later in the House, Mr. Aylesworth said so ridiculed not only the bill but also its supporters that Mr. Miller had accused him of hitting below the belt and acting dishonestly.

When the vote was taken it stood 38 to 77 against the bill. All the members of the government voted for it with the exception of Hon. B. C. Aylesworth and Sir Frederick Borden.

A modified bill was now before the House. If passed this bill would mean some gains for the anti-gamblers. It would make unlawful hand books on the streets, the work of tipsters, and the publication and transference of racing tips. In one respect it meant a loss for pool gamblers on the race track, who would be made lawful. Bookmaking on the race track would be legalized.

Every effort is being made to make the new Seventeenth street public school the finest and most perfectly equipped in the city. At a meeting of the school board last night the tender of J. A. The specifications call for a perfect system of heating and ventilation. The building will be steam-heated throughout, the regulating of the temperature being automatically controlled by thermostats placed in each classroom, thus relieving the teacher of the bother. The ventilation is by mechanical draft, the air being tempered before brought into the school room.

BOY WAS ELECTROCUTED

Woman Guarding Fallen Wire Left it Only for a Moment.

Vancouver, April 29.—To a strange combination of circumstances a young life was sacrificed late yesterday afternoon when Andrew Miller, aged 11, was killed by touching a live wire, on Pandora street.

In some manner yet to be explained a tree fell over, carrying down with it electric and telephone wires. A nearby resident, Mrs. Cameron, at once realizing the danger, hurried to the spot, sent telephone messages for help, and then stood guard at the scene for nearly an hour.

To obtain a heavier cloak she broke the vigil for ten minutes. In that brief period the life of young Miller was snuffed out. Coming in an opposite direction from his home at Pandora and Kinsloops streets the youth in his ignorance took hold of the dangling wire of death and was killed instantly.

M.P. TRAVELS FAR ON A STRETCHER

He came to Gairn on April 29th and reached here in nineteen days.

MINTY SAYS NO RAKEOFF

Canada West Construction Company was Closely Scrutinized.

SAME AS G.T.P. AND C.N.R.

Mr. Minty Claimed Privilege in Regard to Some Questions Which Were Not Pressed.

(Special to the Capital)

Winnipeg, April 29.—C. D. Minty was on the stand all this morning before the Royal Commission and was subjected to a keen cross-examination by Mr. Walsh. A snag was struck when Walsh tried to find out some of the details of the Canadian Construction Company. Minty refused to answer any questions claiming a solicitor's privilege. The point was not pressed. The whole organization of the Construction company was subjected to a close scrutiny and Minty vigorously claimed that it was only formed like similar companies connected with the G.T.P. and C.N.R. As far as he knew there was no intention of making \$300,000 a mile on the construction of the railroad.

Mr. Minty Recalled.

Minty recalled this morning. He said that the minute book of the Athabasca Syndicate had been returned by him to Faulkner two or three days ago. He had taken some extracts which he was prepared to produce. He pointed out that there was a charge against him by Haves and he did not think any such matters should be brought out. Judge Scott doubted if it was privileged matter but saw no need of arguing the point. Forty shares he held in the Alberta and Great Waterways had been transferred to him by Clarke, so that he could qualify as director. He did not pay for the shares. He had no personal interest in the Syndicate. Minty said that a compact was made in his presence with W. R. Clarke was to have nothing to do with the construction company. He explained that the engineers sent all the reports to W. R. Clarke because B. R. Clarke gave him power of attorney. He always understood this agreement was adhered to.

Mr. Walsh ran into a snag when he tried to probe into the question of the Canada West Construction Company. Mr. Minty claimed privilege and refused to be drawn out on the subject. Minty knew nothing of the profit of \$300,000 a mile on constructing the road. He always understood the road would cost more than \$200,000 a mile. When Mr. Justice Scott suggested that Faulkner thought the road would cost only \$130,000 a mile, Minty said he knew of no more of railroad building than a new-born babe. Minty said he had always understood that Cornwall was interested in \$100,000 stock. Mr. Walsh read a letter written to him by Smith, London, England, introducing Haves in which a plan of financing the Athabasca Company was outlined. The construction company was to get the bond issue and stock. The stock, he thought, would be profit. When Mr. Walsh finished the letter Minty asked if it was not common sense. Mr. Walsh retorted that it was a good way to build road to cost the builder nothing, a statement to which Minty objected. Minty first met W. R. Clarke in June, 1908.

Minty said that Haves and Clarke on their return from the north were very enthusiastic.

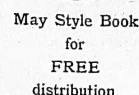

"Imbued with the Edmonton spirit," suggested Walsh.

"They were not knucklers," Minty replied.

"Like Calgary people," added Walsh to which Minty assented.

They also came back admirers of the energy and ability of Cornwall. The agreement transferring Cornwall's share in the Athabasca Syndicate to Clarke was produced. It came into Minty's possession since the inquiry started. Cornwall said he was giving this to Clarke. He would benefit by the opening up of the north country. There was no reference to the steamboat business. Cornwall gave him no details and said nothing of any money consideration. This was some time after November, 1908. He gathered from Clarke at different

FACE TRIAL FOR MURDER

Two Foreigners in Morden Held on Serious Charge.

KILLING RESULT OF QUARREL

Old Man Who Had no Part in the Dispute Was the Unfortunate Victim.

Morden, Man., April 29.—John Reichart and Charles Grabowski of Plum Coulee were yesterday committed for trial by Magistrate McCorquodale, charged with the murder of Alexander Phillips, an old-timer of this district, on April 17th last. The most incriminating part of the evidence was that supplied by certain confessions obtained from Reichart and Grabowski in which practically everything sworn to by other witnesses was corroborated. From the confessions it appeared that on the night of April 17th a quarrel had arisen between McGinnis and Reichart in the Queen's Hotel, Plum Coulee, which had been seemingly settled. Reichart had decided, however, to have revenge and when the men hitched up he procured a crossbar at the instigation of Grabowski and Frank Donald and struck blindly at the men. He struck the wrong man and Phillips died. Mr. Bonnar in defence argued that the man fell from his rig and might have fractured his skull on the wheel.

Witness stand all yesterday afternoon. He told Mr. Walsh that at one time he believed that Mr. Cross was interested in the Athabasca Railway with Mr. Cornwall but believed now that he was mistaken. He did not think that the project had failed. He understood that the government had not wanted to take it up at that time and that the matter was therefore allowed to drop. The money still in the bank to the credit of the syndicate was, he said, simply to be held until a satisfactory basis of distribution had been settled upon.

Mr. Emmerson said that he had last seen Faulkner last Friday. Faulkner had then said that he was trying to evade the service of a subpoena to appear before the Commission. Faulkner was then with A. M. Parkin of Calgary, whom he introduced as the Liberal organizer for Alberta, saying that Parkin wanted to buy shares

COAL STRIKE ENDS AFTER 10 MONTHS

Historic Labor war in Nova Scotia Coal Fields Reported to be Settled.

Halifax, N.S., April 29.—The strike of the coal miners in Cape Breton that began early in July last has been settled. The word was received by telegraph by the thousands in the factories and elsewhere in Nova Scotia. The arrangements were reached at a meeting of the men, held at the office of the Mine Workers in Sydney.

The men are going to work unconditionally and no further proposition have been made by the company to any of the men that were announced a couple of months ago by J. H. Plummer.

The men met yesterday afternoon after discussing the situation at every phase, and realizing that they had nothing to gain by longer remaining out took a vote on the question of whether they should go to work or continue the strike. This resulted in the majority of the representatives voting to return to work at once. The strike was called on July 6th last year and has continued for ten months, less one week, with its many disorders, assaults and suffering among the families of the men who, perhaps more than any other persons are delighted with the termination of the strike.

TEMPERANCE BYLAW NOT YET PASSED

Montreal, April 29.—One of the biggest fights that have ever taken place at the city council occurred yesterday when the Carter bylaw providing for the closing of bars at ten o'clock on ordinary evenings and seven on Saturday was taken up.

While there was a steady voting of 16 to 3 in favor of the bylaw, a determined opposition on technical points was made by Ald. Lapointe, representing the liquor interests, and for hours the fight was kept up, no less than six votes being taken on the various objections.

The main clause of the bylaw was finally adopted and a long discussion arose over the proposition to close the corner liquor groceries as well but this was defeated on a vote of 9 to 8. An effort to put the bylaw through was defeated on a legal objection raised by Ald. Lapointe, which proved too puzzling for immediate decision by the city attorneys, and the consideration was delayed until next Monday. What the result of this delay may be is not known, as the new license year goes into effect on May 1. But the early closing bylaw will undoubtedly pass.

in the syndicate. Faulkner bought Parson's interest for \$2,250. Next day Emmerson had presented the cheque at the bank and had been told that it was no good. Faulkner went from Winnipeg to Minneapolis. He had said that Parkin represented a third party and hinted at the C.N.R.

The witness said that he had been given to understand that there was a necessity of a take-off for political parties in order to get concessions for a take-off. He had got this idea, he told Mr. Bigney, from Faulkner. Mr. Parlee asked if the witness had any idea who was referred to when Faulkner wrote saying that he had secured persons having strong political views by allowing them \$24,000 of paid-up stock. Emmerson said that he had never heard their names and could only guess at them. Mr. Justice Scott said that they did not want a guess.

Alberta College defeated the St. Georges last evening by a score of 1-0. Shortly after the second half commenced Jackson took a pass from Bailey and put the pigskin between the posts. JOHNSON IS AT THE COAST

"Smoke" States That his Training will not Commence Until Middle of May—Is in Condition.

San Francisco, April 29.—Jack Johnson who arrived here last night, said he would not commence training before the middle of next week for his fight with Jeffries and intimates further that he would take matters leisurely until the middle of May. "Why are people so much concerned about the time I am going to commence training?" he said "I have more to lose than the people watching me. I will begin training when I get ready and that will be the middle of next week. Now about these stories from Salt Lake City that I am out of condition. They are a pack of lies. I never started to train for a fight in better shape. People are saying I have dissipated and the like. Well, let them go and bet on Jeffries in this fight and they will discover a few things."

ESKIMOS MADE CLEAN SWEEP OF THE SERIES

Deacon White's Pennant Chasers took the Third Game from Claresholm by a Score of 12 to 2.

JACK GRADY MADE A HOME RUN

More and Brennan Each had Three Hits to Their Credit, but Pete Made two Errors in the Field—Lundson, the Demon Fielder, Made two Hits and Numerous Errors—Grady Struck Out Five Men in Three Innings—Eskimos Play Y.M.C.A. To-Day and Deacon's Pets To-Morrow.

Edmonton and Claresholm played the third and last game of the series yesterday afternoon, and the Eskimos won as they pleased by 12 to 2. At no time were the locals in danger and once they had assumed a commanding lead they put to trial a number of their new stunts in base running and performed some very successfully. McLair started on the mound for the visitors and in five innings was touched up for eleven hits. Barnstead finished the game, and was fairly successful. Jack Grady opened up on one of Barney's Salome balls and drove the lad; to deep left for four bases. Samuels pitched the first five innings for the locals and held the visitors to four hits of which at least two were of the bulky variety. The elongated Grady finished up, and besides contributing the batting feature of the day, only allowed two bingles. Jack fanned five of the Claresholm tribe.

The practice games have done the locals a deal of good, and are enabling them to perfect their team play. They also serve to give Deacon a line on the pitchers.

First Innings—Simpson fanned, and Moffat took first on Mill's error. Ardel struck out and Gage knuckled a grounder to Mills who threw him out at first. No runs.

Edmonton—Mills drew a charity and advanced to second when Ole beat a bunt. Baxter also bunted safely and with the bases full Morse tore off a double to right and scored Olsen and Mills. Lassi singled to centre and took second on Amundson's error. Baxter crossing the plate; Brennan doubled and McLair to Payne. Willard doubled and Samuels went out, pitcher to first. Five runs.

Second Innings. Amundson scratched a bingle to left and Payne followed with a bingle over Brennan's head. Heck beat out a bounder and all sacks were occupied. But Mr. Heck went into a trance, and the wily Morse softly and gently tagged him out. Hisler pop flied to Baxter and McLair grounded. Samuels to first. No runs.

Edmonton—Mills got a free ticket but was caught between first and second. Olsen tripled to-day centre, and made home on a bun throw by the generous Mr. Amundson. Baxter and Morse were out on grounders. Three runs.

Third Innings. Simpson grounded, Morse to Baxter. Moffat got a life on a Texas Linger. Morse got chirpy and pulled second. Ardel got first on Morse's error and Moffat scored. Amundson drew a charity, but Payne whiffed. One run.

Edmonton—Lassi got free transportation. Moved to second on Brennan's hit to left. Willard got a life on Moffat's beautiful error and Lassi scored. Gage singled to left and Brennan scored.

JEFF'S ILLNESS IS A BLESSING

Job's Comforter Compels Jim to Slacken up in his Work—Going at it Too Hard.

Ben Lomond, April 29.—According to Manager Sam Berger, the boil on Jim Jeffries' back may prove a blessing in disguise. But Jeffries did not accept his skin trouble with the calm resignation displayed by his manager.

He inclines to the opinion that it is easy enough for Berger to philosophize over the matter for the obvious reason that Berger does not own the boil. The big fighter finds himself in a minority of one, however, as the other trainers agree with the manager that the boil will compel Jeffries to ease up on his work and prevent any possibility of overtraining. His sore back has kept Jeffries from going through his regular programme of exercise for several days, but now that the boil has been lanced, it is thought that the eruption will disappear and the fighter will be able to resume the prescribed schedule of work. Jeffries is anxious to begin boxing with Chynski.

Was Some Excitement.

Some small amount of excitement was caused on Rice street at the corner of McDougall avenue at noon today when the horses that were drawing a wagon filled with gravel fell in attempting to pull it up on top of a heap of gravel. The tongue of the wagon was broken and one of the horses cut slightly, but otherwise no damage was done, except to the driver's vocabulary.

The Edmonton Tennis Courts situated in the old exhibition grounds near the Power House will be opened to members next Saturday. The courts have been surveyed and are now in first class condition due to the efforts of the executive. This is the fourth year of the existence of the club and it is confident that it now possesses the best club courts in Alberta. Many new members have joined and the outlook for the present season, promises to be very successful.

Local tournaments will be played in the near future when some of the fastest and best tennis will be witnessed as among the members are some of the most expert players in the city, both ladies and gentlemen. French Manufacturer of Aeroplanes
Finds he Cannot Do Business
in United States.

New York, April 28.—A. A. Barrelet of Paris came over here recently to see whether he could not find a market for the Santos Damont aeroplane, but when seen yesterday at the Wolcott he said that he had heard so much of the "injunction Wright" that he did not know where he stood and that he would probably start back to France next Thursday.

"I have been making many inquiries, but I have been told that everything in the way of aeroplanes has been tied up by the Wrights," said Mr. Barrelet. "It was my intention to have formed a company for the manufacture of the Santos Damont 'Demoiselle' over here, but it looks as if the time were not ripe."

"The manufacture of aeroplanes is proceeding on quite a large scale in France. The Clement people are building 'Demoiselles' in batches of ten at a time, and they are being taken as fast as they can be turned out. The machine sells for 7,000 francs (\$1,400) over there."

"M. Santos Damont does not assert that one may make a long flight in his aeroplane such as from New York to Philadelphia, for instance, but he does assert that anybody can manipulate one after a little instruction, and they are the first small successful aeroplanes as they are only about twenty feet long by ten or twelve feet wide. M. Santos Damont has frequently carried one about on a bicycle."

Civic Loan at Premium.

101st FUSILIERS

Present Year Promises to be a Good One in Regiment's History.

The 101st Fusiliers have reorganized for the coming year and an extensive programme is anticipated. There will be great activity in the rifle practice as the range capacity will be doubled to four targets. A team of four is entered for the Shumacher competition which will take place all over Canada on the 24th of May.

Mr. J. A. B. Thompson, whose previous service in the R.C.R. Halifax and two years in the Imperial service, commanding a company of mounted infantry, in the Boer War, seems particularly fitted for the adjutancy and instruction in drills. Mr. Thompson holds certificate of qualification from Hythe school of Musketry, as well as field officer's Maxim gun, both long and short course, R. M. C. and half a dozen others, both in England and here.

The season will be bright for the recruits on account of the many advantages offered for pleasure as well as the shooting or target practice, which is always more pleasure than duty. Smokers will be given throughout the summer at which the regimental band will assist in the programme. A trip out of town is also planned for those enrolled before May 15th.

It is expected that with so many attractions that the ranks will be filled to the limit of full strength this year and the marchions headed by the band of thirty will be quite an attraction on the street.

Tocco, a grocer, attempted to cast the young men from the store, and as a result in the city hospital today. The Lochanos refused to go and Tocco tried force. HIS EXCELLENCY THE GOVERNOR

Delightful Comedy Well Presented by Clever Amateurs.

That any possible charge of lese majeste may be forestalled, let it first be understood that "His Excellency the Governor" who made his bow at the Empire Theatre, last night, is in no way related nor in the least resembles vice-royalty in this country. Thus safeguarded, one may, without peril of committing any political crime or apparent disrespect of ruling authorities, say that "His Excellency the Governor" was amusing.

Even the faults were amusing. It was a company of clever amateurs who produced the play and if, being amateurs, they were not letter perfect and sometimes seemed ill at ease, their work was none the less more credible and afforded a very enjoyable entertainment.

The play itself is a delightful comedy, full of sparkling lines and exceedingly amusing situations and it was so presented that no small proportion of the fun of it found its way over the foot lights. And after all, that is the only standard by which any production, amateur or otherwise, may be fairly judged.

The difficulty with amateur performance is the unpleasantness of making comparisons between the members of the company. But the work of the two members stood out so last night that one may fairly praise them without seeming to depreciate the work of the others. These two were Miss Mackie as Comtesse Stella de Gex and Mr. F. T. S. Newell, as Baverstock, the rather ecclesiastical private secretary of His Excellency.

The production will be repeated during the rest of the week with a matinee on Saturday.

Attell Defeated Murphy.

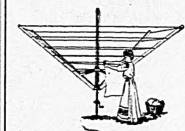

New York, April 29.—Ane Attell, champion featherweight, had all the better of a ten-round bout last night with Tommy Murphy before the Empire Athletic Club. In the first seven rounds Attell outpointed Murphy clearly, but in the eighth Murphy came back strong. The ninth also was Murphy's, and in that period he sent Attell down for a count of three with a hard right to the face. Attell rallied in the final round and pounded his antagonist all around the ring.
